## STALLION SERVICE CONTRACT

- I hereby agree to breed my mare: \_\_\_\_\_ /Reg #: \_\_\_\_\_  
to the stallion: **Purdy Boy Flash** on-site at Weatherford during the 2022 breeding season. I agree to pay **\$3,000** made payable to: **Beechfork Ranch** for the stud fee. I agree to pay **\$650** to Weatherford Equine for Chute Fee (see paragraph 4). Stud Fee and Chute Fee are to be paid in full prior to breeding. Mares must be bred on-site at Weatherford Equine.
- Stud Fee entitles mare owner to a maximum of **3 cycles** using frozen semen to generate a pregnancy. If the mares does not conceive after 3 cycles using frozen semen the contract will then revert to oocyte aspiration for the intracytoplasmic sperm injection (ICSI) procedure. Mare owner is entitled to a "live foal" conceived from this breeding that will stand and nurse after foaling without assistance and lives for (24) hours. If my mare is found not in foal, or delivers a stillborn, I am allowed a Rebreed Contract if Weatherford Equine is notified within (30) days of discovering the mare is open or foal is stillborn. With the notification there must be a statement from a licensed veterinarian. A Rebreed contract will apply to the following breeding season only, and Stud Fee will be nonrefundable. Live Foal Guarantee will be null and void if Mare Owner does not give ample opportunity to settle mare. Stallion Owner will also be released from Live Foal Guarantee if mare is sold without notifying the Stallion Owner and providing new owner contact information. All rebreeds will be fulfilled using the ICSI procedure.
- Mare owner agrees to notify Weatherford Equine of the pregnancy status of the mare by August 30<sup>th</sup>, 2022. Mares with an unknown pregnancy status will not be included on the stallion breeding report. Pregnancy status updates received after August 30<sup>th</sup> are subject to a \$50 stallion breeding report late-filing fee.
- I agree to pay all board charges and veterinary expenses that are not included within the Chute Fee before mares is released from Weatherford Equine and Weatherford Equine may breed and treat my mares however deemed appropriate to complete this agreement. I understand that the Chute Fee will cover all rectal palpations and rectal ultrasounds for three (3) cycles. Weatherford Equine can then bill mare owner for all services that were previously charged under the original Chute Fee as well as other treatments and services performed. In the event that this situation does occur the mare owner will be notified prior to rendering services.
- Multiple Embryos. I understand that if multiple embryos are produced during the ICSI process I will be held accountable for an additional Stud Fee **\$3,000**, within (60) days of confirming pregnancy in order to receive a certificate for the additional foal(s). If a conception from a multiple embryo harvest does not produce a Live Foal after the Mare Owner pays for additional Stud Fee(s), it is the Stallion Owners discretion to refund the Stud Fee for the additional concept us or allow it to be counted as a Rebreed for the following breeding season.
- It is further agreed that if the mare dies before producing a live foal or becomes unfit to breed before a recipient mare is pronounced safe in foal, a substitute mare will be allowed for the current breeding season or the following season only. No Stud Fee will be refunded.
- It is my understanding that care will be taken for both the mare and/or foal presented to Weatherford Equine, to prevent accident, sickness, injury or death and that the mare owner will not hold Weatherford Equine, its owners, employees, the stallion owner or any of their employees responsible if any such occurrences should arise. It is understood that Weatherford Equine, its owners, employees, veterinarians and guests shall not be held liable for any injury, escape, disability, or death of any horse on its premises whether from fire, flood, theft, act of God or any other reason.
- Weatherford Equine and affiliated Stallion Owner will have a necessary lien for all fees, charges and expenses that are incurred while the mare and/or Foal are under the care of Weatherford Equine. Mare owner shall be responsible and hereby agree to pay for all legal fees and/or attorney/court costs incurred by Weatherford Equine or the affiliated Stallion Owner to enforce this agreement or any portion thereof. It is expressly agreed that this contract is performed in Parker County, Texas, and venues for any actions hereunder will be in Parker County, Texas.
- No mare will be bred without a completed Stallion Service Contract that is signed by Mare Owner and Stallion Owner or Agent of Stallion Owner. At this time the contract will be a binding contract on both parties, subject to the above terms and conditions.
- If a foal is produced that is homozygous positive for HERDA, and is euthanized due to the genetic disorder, a rebreed contract will be allowed. However, the rebreed will not qualify for any frozen semen breedings. The rebreed is allowed the following year only and must be fulfilled by aspirating oocytes and performing ICSI for fertilization.
